Skills

Front-End: JavaScript, TypeScript, React, Next.js, Redux, HTML, CSS, SCSS, Tailwind

Back-End: MySQL, Postgres, MongoDB, Node, Express

Tools: Git, REST, AWS, Docker, Postman, WebPack, Babel, AGILE, Scrum, JIRA

Experience

WASHRUNNER, SOFTWARE ENGINEER

Mar 2022 - Present

Javascript, React, JIRA, SCSS, AWS, SEO, UI/UX

[Wash Runner](#)

- Created and implemented Landing pages using **React** and **SCSS** based on figma designs.
- Applied and configured **AWS Cloudwatch** and **Guard Duty** to monitor and secure **EC2** instances.
- Utilize Washrunners **SQL** database to apply **CRUD** operations for **React** Forms.

Software Engineering Applications

CROWN CLOTHING E-COMMERCE, SOFTWARE ENGINEER

React, Redux, Javascript, Styled Components, Firebase,

[Github](#) | [Live Site](#)

An Ecommerce website where users can login and shop by clothing category

- Leveraged **Firebase** for **authentication** and **data management**.
- Utilized **React's useContext** hook to distribute data to components without prop drilling.
- Incorporated **Google Sign In** feature for users convenience.

CULTIVATE, SOFTWARE ENGINEER

React, Bootstrap, Express, Docker, Google Cloud, PostgreSQL

[Github](#)

Health/Fitness application that allowed users to design/reach their health goals

- Successfully led and collaborated with 7 engineers in the end-to-end development of a full stack application.
- Developed **React** components that drew from a 3rd party **API** and applied **HTTP methods** to retrieve and update data from **PostgreSQL** database.
- Leveraged **AGILE** workflow using **SCRUM** techniques and **Trello**.

PROJECT CATWALK, SOFTWARE ENGINEER

React, Node, Express, REST, API, AWS

[Github](#)

E-commerce shopping application experience

- Implemented **RESTful API** architecture and **Express** framework for routes and server-side functionality.
- Utilized **Amazon Web Services** for application hosting and **EC2** deployment.
- Engineered reusable **React** components such as cards, headers, and interfaces to display reviews, products, and image carousels.

Education

ADVANCED SOFTWARE ENGINEERING IMMERSIVE PROGRAM

Mar 2021 - Dec 2021

Hack Reactor, Remote
